

## Prestigious Timothy Baswell Donaldson Honorary Scholarship Award

In celebration and recognition of International collaboration and Partnership with the Bahamas Institute of Financial Services, Bangor University Business School awards Nassau bank employee **Kendrick Stubbs** of Royal Bank Bahamas Ltd with Honorary Scholarship onto the prestigious Chartered Banker MBA programme.

Building upon our long established Partnership, this prestigious award recognises rising talent within the banking and financial services sector in the Bahamas. The award which honours past President of BIFS and the first Governor of The Central Bank of the Bahamas Mr T. Baswell Donaldson whose idea it was to insure that professional standards were met within Financial Services Organisations. The Institute has earned a strong international reputation for its comprehensive suite of high-quality, industry relevant and cutting-edge

training and education programmes.

Consistently ranked as one of the leading Universities in Europe and in the world top 25 for its Banking research, Bangor University Business School successfully launched the Chartered Banker MBA programme in Nassau in 2011 – the only MBA of its kind in the world, the programme presently has over 300 active students and currently recruits 150 plus student per year.

The impact of the programme and its success within the Bahamas banking and financial services sector is testimony to the commitment and vision of the Bahamas Institute of Financial Services and its mission “to promote quality training and education programs for the financial services sector, to be innovative and responsive to the expanding needs of the business and financial community, and to develop creative synergy to foster and enhance sustained growth within the industry.”

The mission of The Bahamas Institute of Financial Services is to provide qualifications that are designed to help banking and financial services professionals maximize their career development potential in a complex and ever-changing sector.
