

DYFFRYN OGWEN: TU HWNT I'R CHWAREL

Bu'r diwydiant llechi'n ganolog i fywyd Dyffryn Ogwen am genedlaethau. Fodd bynnag, roedd dylanwad ystadau mawr, megis Penrhyn a'r Faenol, yn ymestyn ymhell y tu hwnt i'w chwareli. Bwriad y project hwn yw datgelu profiadau'r bobl hynny a oedd yn byw a gweithio ar ystadau lleol - fel tenantiaid, ffermwyr, gweision a morwynion, coedwigwyr a chiperiaid - ac edrych sut yr oedd blaenoriaethau a gweithredoedd tirfeddianwyr amlwg yn effeithio ar eu bywydau.

Byddem yn falch iawn pe baech yn ymuno â ni i rannu a darganfod y dreftadaeth hon:

THE OGWEN VALLEY: BEYOND THE QUARRY

The slate industry was central to life in the Ogwen Valley for generations. However, the influence of major estates such as Penrhyn and Faenol extended far beyond their quarries. This project sets out to reveal the experiences of those people who lived and worked on local estates – as tenants, farmers, domestic servants, woodmen and gamekeepers – and explore how the priorities and actions of leading landowners impacted upon their lives.

We would be delighted for you to join us to share and discover this heritage:

Sunday, 11 February 2018, 12-4pm
Community memory and memorabilia event
Neuadd Ogwen, Bethesda

Come along to share and discuss your stories, old photographs and family records with other members of the community and members of the project team.
